|----------------------|--|---|--|---|--|---|
| | <ul style="list-style-type: none">• How did the Romans link Britain to the rest of the Roman Empire?• What influence have the Romans had on our words and numbers?• What can we learn from investigating an archaeological site? | invaded whilst still conquering more? <ul style="list-style-type: none">• What caused the decline and fall of Roman Britain? | | <ul style="list-style-type: none">• How did the Ancient Maya read, write and tell the time?• What happened to the Ancient Maya people? | <ul style="list-style-type: none">• State study: What is it like in New York and in New York city? | |
| | <u>Biology</u> Teeth and eating Children will learn to <ul style="list-style-type: none">• describe the simple functions of the basic parts of the digestive system in humans• identify different types of teeth in humans and their simple functions• construct and interpret a variety of food chains, identifying producers, predators and prey | <u>Chemistry</u> States of matter Children will learn to <ul style="list-style-type: none">• compare and group materials together, according to whether they are solids liquids or gases• observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius• identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature• | <u>Biology</u> Living things and the environment Children will learn to <ul style="list-style-type: none">• recognise that living things can be grouped in a variety of ways• explore and use classification keys to help group, identify and name a variety of living things in their local and wider environment• recognise that environments can change and that this can sometimes pose dangers to living things | <u>Physics</u> Sound Children will learn to <ul style="list-style-type: none">• identify how sounds are made, associating some of them with something vibrating• recognise that vibrations from sounds travel through a medium to the ear• find patterns between the pitch of a sound and features of the object that produced it• find patterns between the volume of a sound and the strength of the vibrations that produced it• recognise that sounds get fainter as the distance from the sound source increases | <u>Physics</u> Electricity Children will learn to <ul style="list-style-type: none">• identify common appliances that run on electricity• construct a simple series electrical circuit, identifying and naming its basic parts, including cells, wires, bulbs, switches and buzzers• identify whether or not a lamp will light in a simple series circuit, based on whether or not the lamp is part of a complete loop with a battery• recognise that a switch opens and closes a circuit and associate this with whether a lamp lights in a simple series circuit• recognise some common conductors and insulators, and associate metals with being good conductors• | |
| ART / D&T | <u>Art – Story telling through drawing</u> | Design and Technology Food Design <ul style="list-style-type: none">• Designing appealing products for specific user• Generating ideas and communicating through discussions and drawings (labelling plan). Make <ul style="list-style-type: none">• Selecting a range of ingredient that could work well together.• Using simple utensils and equipment. Evaluate | <u>Art – Exploring Pattern</u> | Design and Technology Textiles Design <ul style="list-style-type: none">• Generate design criteria for an appealing, functional product for specific users.• Produce annotated sketches and prototypes• Investigate a range of 3-D textile products• Understand that 3-D textiles are made by making 2 identical shapes. Make <ul style="list-style-type: none">• Select from a range of tools and materials to perform a task | <u>Art – Exploring Still Life</u> | Design and Technology Circuits Design <ul style="list-style-type: none">• Learn about what is a simple circuit.• Use annotated sketches to communicate ideas.• Understand and use electrical systems in their products such as series circuits incorporating switches, bulbs and buzzers. Make <ul style="list-style-type: none">• Pupils design and make a purposeful product using electric circuit. Evaluate |

Year 4 Curriculum Map

| | | | | | |
|---|--|--|---|--|--|
| <p>Disciplines: <u>Drawing, Sketchbooks</u> Key Concepts: That we can tell stories through drawing. That we can use text within our drawings to add meaning. That we can sequence drawings to help viewers respond to our story. That we can use line, shape, colour and composition to develop evocative and characterful imagery. Children are exploring how we can create sequenced imagery to share and tell stories. Introduced to two artists: one an illustrator and the other a graphic novelist and author. Using sketchbooks to gather ideas from the way the artists work. Exploring either the creation of an accordian book – exploring how we can use drawing in an illustrative or even fine art sense to tell stories. or -children draw upon graphic novels and make a comic strip style telling of a piece of poetry.</p>  | <p>Tasting and evaluating final product against original design criteria.</p> | <p>Disciplines: Drawing, Collage, Design Key Concepts: That the act of making drawings can be mindful. That we can use line, shape and colour to create patterns. That we can use folding, cutting and collage to help us create pattern. That we can create repeated patterns to apply to a range of products or outcomes. Children are: exploring pattern and developing a range of technical skills and knowledge through drawing and collage. working with pattern which can be a mindful activity, and that as humans we respond to patterns made by other people.</p>  | <p>Evaluate Evaluate their product against design criteria and how to improve.</p> | <p>Disciplines: <u>Painting, Drawing, Collage, Sketchbooks, Relief</u> Key Concepts: That when artists make work in response to static objects around them it is called still life. That still life has been a genre for many hundreds of years, and is it still relevant today. That when artists work with still life, they bring their own comments and meaning to the objects they portray. That we can make a still life creative response in many media: drawing, painting, collage, relief... That we can use line, shape, colour, texture, and form to help us give meaning to our work, and explore composition, foreground, background, and negative space. Children are: introduced to the genre of still life as an old art form and also one which is still enjoyed by many contemporary artists. Revisiting and developing their drawing (and looking) skills using observational drawing of physical objects. Exploring a project, either working in collage, photography and paint, clay relief, or graphic still life. Consolidating and developing their understanding of how we can use line, shape, colour, texture, form and composition to make their work.</p>  | <p>Understand how key events/ people in D&T have helped shape the world.</p> |
| <p>Introduction to Sikhism</p> <p>Sikhism: Beliefs</p> <ul style="list-style-type: none">- Looking at the demographics of Sikhism in London and globally- Learning about the life of Guru Nanak, the Five Ks and Sikh beliefs about God and the afterlife <p>Sikhism: Practices</p> <p>Looking at the gurdwara, Sikh weddings, langar and the festival of Vaisakhi</p> | <p>Christianity: Art and Stories</p> <p>What do stories in the Bible tell us about Christianity?</p> <ul style="list-style-type: none">- Looking at more Bible stories through the Story Whoosh Bible- Using art to foster discussion about the stories and their importance to Christians- Preparing and performing a short play based on one of the stories <p>What does a church look like?</p> <ul style="list-style-type: none">- Looking at different churches and the different architectural styles found in London | <p>Islam: Teachings and Action</p> <p>What are the Five Pillars of Islam?</p> <ul style="list-style-type: none">- Learning about the Five Pillars of Shahada, Salat, Sawm, Zakat and Hajj- Looking at each in turn and learning how they impact the life of Muslims <p>What does London's Muslim community look like?</p> <ul style="list-style-type: none">- Learning about the demographics of Islam in London | | | |

| MUSIC | | | Learning about the different styles of worship which take place in churches. | | | |
| | Musical Spotlight: Musical Structures | Musical Spotlight: Exploring Feelings When You Play | Musical Spotlight: Compose with Your Friends | Musical Spotlight: Feelings Through Music | Musical Spotlight: Expression and Improvisation | Musical Spotlight: The Show Must Go On! |
| | Musical sections that repeat or change help create the structure, or form, of a piece of music or a song. Look for patterns in the sections of music and songs within this unit. Verses and choruses can repeat or alternate and these provide structure in music. | Sometimes, the music we hear highlights the words we are singing! There might be a special effect in the music on a particular song lyric to make that word stand out. Explore how special effects in music can make the words we sing more meaningful. The sounds that we hear in music can also help to communicate specific moods. | When you are composing music together, there is a lot to remember! Music is often written based on various key signatures that guide melodies used in the music. There is often a note that sounds like 'home', or where a melody should 'land'. This is called the 'tonic pitch' or the 'home note' and makes a melody or a song sound final – like it has been resolved. Practice listening, singing, and playing instruments to explore this important note in music. | Music is used for many reasons and can help us express our feelings. Music can be loud or quiet, fast or slow, smooth and connected or short and detached. We can also use instruments with different sounds to help communicate different emotions. Explore the music in this unit and try to connect your feelings with what you hear. | Improvisation is a way to express our feelings. Music comes from our hearts. To make your improvisation more expressive in this unit, add dynamics. | Create and present a performance! Present what has been learnt in the lesson with confidence. Introduce the performance with an understanding of what the songs are about and any other connections. Remember, use the simple band parts if you want to. |
| | Social Question: How Does Music Bring Us Together? | Social Question: How Does Music Connect Us with Our Past? | | Social Question: How Does Music Teach Us About Our Community? | Social Question: How Does Music Shape Our Way of Life? | Social Question: How Does Music Connect Us with the Environment? |
| | Musical Learning: Singing and listening are at the heart of each lesson. Play, improvise and compose using a selection of these notes: C, D, E, F, G, A, B _b | Musical Learning: Singing and listening are at the heart of each lesson. Play, improvise and compose using a selection of these notes: C, D, E, F, F _# , G, A, B _b , B | | Musical Learning: Singing and listening are at the heart of each lesson.
